

I_{3322} : paper-to-Lean proof map

Paper numbering: arXiv:2608.29734v1. File names are relative to I3322/; declarations omit the initial I3322.

Arrows show the dependencies of the proof. equalityChainOfTable includes the conditions derived in Eqs. (40)–(42). The assumption $\Phi(\theta) = \beta_{PV}$ is excluded by Lemma 5. Scope: finite-dimensional pure-state strategies with binary projective measurements.
